Sir,

This is further to the earlier communications sent to you requesting you to provide disclosure regarding any prior personal or professional linkages you may have had with Mr. Gulzarinder Singh Chahal against whom complaints are listed before you for adjudication in your capacity as Ombudsman cum Ethics Officer, PCA.

Your lack of response to these repeated requests hardens the apprehension that the complainants have regarding your bias towards Mr. Chahal. This is also reinforced by the manner of your appointment as Ombudsman cum Ethics Officer which was done without due process and without proper appraisal and criteria. In fact, your appointment was made the same day that Mr. Chahal took over as the President of PCA, indicating some prior personal or professional relationship. By all standards of ethics or propriety, any such relationship or understanding should have been disclosed immediately, if not prior to such appointment.

In view of the above opacity, the complainants have grave apprehension of not receiving any impartial or objective examination of their complaints by you and hence, do not wish to pursue them further before your goodself. We, therefore, withdraw the complaints before you while reserving our options and recourse to any further legal remedies. You are requested not to process these matters further or pass any controversial orders so as not to create any legal impropriety.

Needless to say, all communication sent to you is being kept in our records for any need that may arise for legal matters in the future.

Respectfully yours,
Vikram Kumar

Subject: Short Written Submissions by way of affidavit to the Complaint dated 06.10.2022 filed by Mr. Dilsher Khanna, Mr. Surjit Rai, Mr. Sehebjit Singh Sehmbay and Mr. Vikram Kumar.

Respected Sir,

The present short written submissions by way of affidavit are being submitted for your kind consideration on behalf of the Life Membership Committee and its members by the undersigned who has been duly authorized by the members of the Life Membership Committee to file the same and all hereby expressly reserve their right to file a detailed response, if required. At the very outset, we deny in extensor each and every allegation/averment/contention/claim/demand made by the Complainants in the present complaint vide the present written submissions. The averments made in the complaint are absolutely false, baseless, incorrect, illegal, frivolous, misconceived, untenable and based on conjectures and surmises and nothing contained therein may be construed to have been admitted by us unless expressly and specifically stated to be admitted herein.

It needs to be brought to your kind attention that the Apex Council vide its meeting dated 19.06.2022 had resolved to constitute a Life Membership Committee and the relevant minutes of the meeting are reproduced herein for your kind perusal:

Gaurav Dhuliana

“i) *Life Membership Committee:*

- i) *Sh. Gulzarinder Singh Chahal, President*
- ii) *Sh. Gagan Khanna, Vice President*
- iii) *Sh. Rakesh Walia, Honorary Treasurer*
- iv) *Sh. Binwant Behgal*
- v) *Sh. Gauravdeep Singh Dhaliwal – Convener*

The Sub-committee was constituted to enrol Former Cricketers, Lovers of the Game and Cricket well-wishers as Life Members, who can take cricket to the grass root level and promote and develop the game of cricket and assist the Association to achieve its aims & Objectives.”

From the contents as reproduced above it is crystal clear that Apex Council in its meeting dated 19.06.2022 had formally crystallised the criteria for enrolling Life Members i.e. Former Cricketers, Lovers of the Game and Cricket well-wishers and had further entrusted/delegated the task of enrolling Life Members to the sub-committee so constituted.

The Life Membership Committee as constituted by the Apex Council undertook to execute the task entrusted to it in a very transparent and diligent manner and to further the mandate of the Apex Council. The Life Membership Committee in its first meeting held on 13.08.2022, discussed in detail the notion among the common people that the Punjab Cricket Association has been operating in a very closed-door manner since long. The committee felt that more representation from different

Gauravdeep Singh

sections of society is required for the promotion of the game of cricket at all levels and resolved to enrol a large number of people from all walks of life who are lovers of the game and cricket well-wishers who can contribute towards promotion of the game of cricket in Punjab.

It was decided by the members of the committee that they shall scout for individuals which fall under the criteria as set by the Apex Council in its meeting dated 19.06.2022 and the members shall propose their names for consideration in the subsequent meetings and after consideration upon the names so proposed to obtain the consent of the individuals for enrolling them as Life Members of the Association. The minutes of meeting of the Life Membership Committee dated 13.08.2022 are annexed here with as **Annexure R-1**.

The Life Membership Committee held its next meeting on 13.09.2022 wherein all the members of the committee put forth various names and after much deliberation and due diligence 166 names were finalised for being inducted as Life Members of the association. The minutes of meeting of the Life Membership Committee dated 13.09.2022 are annexed here with as **Annexure R-2**.

The Life Membership Committee held its 3rd meeting on 15.09.2022 to further discuss the agenda of enrolling Life Members to the Association and to finalize the enrolment of more Life Members as resolved in the previous meeting. The committee after extensive deliberations further finalised the names of 62 individuals who were found befitting for the grant of Life Membership of the Association. The minutes of meeting of the Life Membership Committee dated 15.09.2022 are annexed here with as **Annexure R-3**.

Gauran Dhalim

The Life Membership Committee held its 4th meeting on 28.09.2022, the committee approved the Consent Form for Life Membership as amended by the convenor. The committee further instructed the convenor to take necessary actions to enrol the approved individuals as Life Members of the Association and to issue Identity Cards as an authorized signatory to the newly enrolled Life Members. The minutes of meeting of the Life Membership Committee dated 28.09.2022 are annexed here with as **Annexure R-4**.

The Life Membership Committee held its 5th meeting on 02.10.2022, this meeting was held to grant Life Membership of PCA to Sh. Harbhajan Singh, Ex-India cricketer in consonance with clause 5(b) of the Constitution of the Association. The minutes of meeting of the Life Membership Committee dated 02.10.2022 are annexed here with as **Annexure R-5**.

As it is abundantly clear from the perusal of the relevant extract of minutes of the Apex Council as reproduced above and the thread of the meeting of the Life Membership Committee as held on various occasions, the criteria to enrol Life Members to the Association was laid down by the Apex Council. The Life Membership Committee was only executing the task delegated to it by the Apex Council. It is pertinent to mention here that the allegation that no criteria has been laid down by the Apex Council is ill-founded, absolutely false, and baseless based on conjectures and surmises.

The Worthy Ethics Officer-cum-Ombudsman shall be pleased to know that individuals right from grass root level who are instrumental in organising rural cricket tournaments to individuals who are at top of various organisations have been enrolled by the Life Membership Committee in strict adherence to the criteria and

Harman Singh

vision of the Apex Council i.e. to take cricket to the grass root level and promote and develop the game of cricket and assist the Association to achieve its aims & Objectives. The members of the Life Membership Committee have only taken steps to further the mandate of the Apex Council keeping in view the best interests of the Punjab Cricket Association.

The averment of the complainants that the Life Membership Committee has been constituted by the President is totally misconceived and has been alleged only to mislead the Hon'ble Ethics Officer-cum-Ombudsman so as to defeat the mandate of the Apex Council. It is submitted here that three of the present complainants were in attendance in the Apex Council meeting dated 19.06.2022 wherein the Life Membership Committee was constituted and all three of the present complainants had given their approval to form the Life Membership Committee and have also signed the minutes of meeting dated 19.06.2022. Now they are alleging baseless allegations only to pressurise the members of the life Membership Committee to accede to their unjustified demands which are in total contrast to the mandate of the Apex Council. Further, it may be noted that the mandate of Apex Council is binding on the undersigned, complainants and all other officer-bearers of our esteemed institution. It would not be wrong to mention here that making such baseless and false averments with mala fide intention to harm the reputation of the members of the Life Membership Committee, despite being privy to the fact that criteria for enrolling new Life Members have been already set by the Apex Council and mandate for enrolling new Life Members was given by the Apex Council, are defamatory in nature.

Gaurav Sharma

That it is pertinent to mention here that all of the present complainants chose not to challenge the decision of the Apex Council dated 19.06.2022. The present complainants have now suddenly woken up from their slumber and filed this present false and baseless complaint dated 06.10.2022 only to pressurise the members of the Life Membership Committee to accede to their unjustified demands.

The averments that the meetings have been clandestinely conducted at the residence of the President are without any iota of evidence. Rather all meetings have taken place in the premises of PCA, barring one meeting conducted in the office of the convener of the Life Membership Committee and the 5th meeting being an emergent meeting that was conducted via 'Zoom meetings'.

The next averment that the Honorary Secretary and Honorary Jt. Secretary have both been deliberately kept out of this committee by the President is nothing but an afterthought and reeks of mala fide intent. The Apex Council entrusted the sub-committee with the task of enrolling Life Members on 19.06.2022, since then there has been no request from the Honorary Secretary and Honorary Jt. Secretary to the Apex Council to become a part of the Life Membership Committee, moreover, it is reiterated here that three of the four complainants were a part of the Apex Council meeting when the decision to form the Life Membership Committee was taken and all the three complainants have signed the minutes of the meeting dated 19.06.2022 to confirm the same. It would not be wrong to mention here that there was no mandate of the Apex Council to make either the Honorary Secretary or the Honorary Joint Secretary a member of the Life Membership Committee.

It is reiterated here that due deliberations were done by the members of the Life Membership Committee while enrolling new Life Members and proper procedure

was followed. Further, it is submitted here that neither the Constitution of Punjab Cricket Association nor the resolution of the Apex Council dated 19.06.2022 mandates that any decision should be taken in consultation with the Chief Advisor of Punjab Cricket Association, Sh. Harbhajan Singh.

Regarding the relief/directions as prayed by the present complainants, it is respectfully submitted here that:

- Deliberation of the Life Membership Committee to enrol new Life Members of PCA have already concluded. 228 of the proposed individuals have already been recommended for Life Membership of PCA by the committee, so the process of enrolling new Life Members has already concluded and there arises no question of restraining the Life Membership Committee from granting life memberships. The matter is rather infructuous.

- The matter of reconstitution of the Life Membership Committee lies in the domain of the Apex Council only and is outside the purview of the Worthy Ethics Officer-cum-Ombudsman.

- The prayer regarding cancellation of membership of the new life members as enrolled by the Life Membership Committee is misconceived and absolutely untenable not only being barred by law and also in view of the fact that proper procedure has been followed by the Life Membership Committee while enrolling new Life Members.

Thus, it is clear from the above-stated facts that the complainants are concocting facts in order to secure an order which is not otherwise due to them.

Lawrence S. Singh

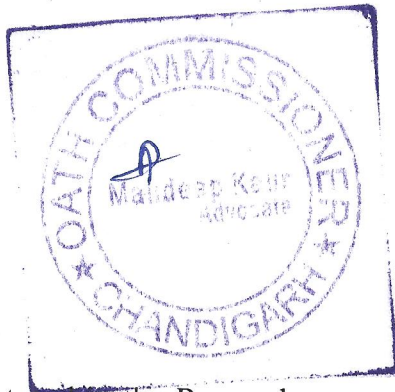

It is, therefore, respectfully played that the present complaint being absolutely false, baseless, incorrect, illegal, frivolous, misconceived, untenable and based on conjectures and surmises be dismissed.

notion qua the Punjab Cricket Association prevailing among the common people, that the association for all these years has been operating in a very closed-door manner. The committee felt that since Punjab has a huge population more representation from different sections of society is required for promotion of game at all levels. The Life Membership Committee took note of the earlier procedure of enrolling the Life Members of the PCA and resolved to follow the past precedence/practice as well. In consonance thereto, it was decided that the Life Membership of PCA should be granted to the following categories: -

- i) Former Cricketers

- iii) Cricket well-wishers

Accordingly, it was decided that the members of this committee shall scout for individuals falling within the above categories and propose their names for the consideration of this Committee in subsequent meeting, which shall thereafter obtain their consent for enrolling them as Life Members of the Punjab Cricket Association.
