I) Grant of Affiliation to District Cricket Association Mohali

The House also further authorized the Apex Council to take all necessary steps to grant full and complete Representative Membership to District Cricket Association Mohali as per rules and when the Apex Council deems fit.

ii) Sale of naming Rights for the PCA New International Cricket Stadium, New Chandigarh

The Honorary Secretary informed the House that the Apex Council in its various meetings had discussed that PCA may explore selling the naming rights for the PCA New International Cricket Stadium, New Chandigarh, so as to generate revenue for the Association. He further informed the House that the Apex Council had also decided to recommend this decision to the General Body for final approval.

Mr. D.N. Johar remarked that we may suffix the name the words “PCA New Stadium” with the word “Mullanpur”

rather than “New Chandigarh”, as was done for I.S. Bindra Stadium, Mohali- something that had brought the town of Mohali on the world map.

The Honorary Secretary shared with the members that as per geographical maps of the Government the New Stadium is located in Village Tira. He further shared with members that the government and local authorities have designated this whole area as New Chandigarh and we should follow the official nomenclature.

Mr. R.S. Sachdeva agreed with the view of the Honorary Secretary and seconded it.

Mr. D.N Johar took note of the same.

The Honorary Secretary informed the House that the Apex Council in its meeting dated 16.12.2023 had also discussed and decided to engage a suitable company/firm to prepare legal documents, EOI, calling of bids and presenting data for exploring commercial opportunities to raise revenue for the Association from different avenues with regards to the PCA New International Cricket Stadium, Mullanpur.

The House, after discussions, unanimously approved the recommendation of the Apex Council to engage/hire a professional agency for the Sale of Naming Rights for the PCA New International Cricket Stadium, New Chandigarh and authorized a committee of the Honorary Secretary, Honorary Joint Secretary and the Honorary Treasurer to take further necessary actions in this regard and put up the proposals to the Apex Council for decision.

iii) Infrastructure development policy

The Honorary Secretary informed the House that to achieve the objectives of the Association, the Apex Council discussed and decided to upgrade and develop Cricket Infrastructure at different areas in the states, especially in district headquarters. He shared with members that BCCI is also focusing on the same and trying to promote and develop Cricket at the grass root level.

He informed the House that the Apex Council in its meeting dated 08.02.2024 had decided to open two regional centers, one at Amritsar and another at Bathinda with superior infrastructure and had also decided to designate the I.S. Bindra Stadium facility at Mohali as a Centre of Excellence operated by the Punjab Cricket Association.

The House discussed and as proposed by Mr. Rupinder Gupta and seconded by Mr. R.S. Sachdeva, unanimously authorized the Office Bearers to take necessary action in this regard.

iv) Validation exercise for Life Members (Report of M/s Authbridge)

The Honorary Secretary informed the House that even after persistent efforts by PCA, the contact details and whereabouts of some of the Life Members/Category-A Members could not be verified by the office and all communications sent by PCA were being returned back to PCA.

Accordingly, the Apex Council in its meeting dated 12.06.2023 had approved to engage an agency to do the validation exercise for PCA, so as to update the PCA Category - A members' records.

He further informed the House that the agency M/s Authbridge, after completion of the validation exercise,had submitted their consolidated report to PCA in which a total of 25 persons were confirmed as untraceable with no known address or contact details. The report was put up to the Apex Council for deciding further course of action. The Apex Council decided to publish a Notice/Advertisement in newspapers (PAN India) and further authorized the Honorary Secretary to take necessary action in this regard. The Apex Council had also decided to keep the membership of these 25 persons in abeyance till such persons could be traced.

In consonance to the decision of the Apex Council, an advertisement was published on 25.07.2024 in Newspapers and till date only one(1) personhad contacted the Office and updated his contact details and address. The PCA

Office was in the process of validating the same.

The House, after detailed discussions, unanimously approved the recommendation of the Apex Council, as above, including keeping the membership of such individuals in abeyance. It was decided that an update on this would be given to the House at the Annual General Body Meeting 2024 to discuss further steps.

v) Life Membership Committee Report and Apex Council recommendation

The Honorary Secretary informed the House that the Apex Council under Rule 5 (a) of Memorandum and Rules and Regulations of the Association may enroll Life Members of PCA. The General Body had previously in its meeting dated 30th September, 2023 had authorized the Apex Council to constitute a Life Membership Committee and the Apex Council had constituted the same in its meeting dated 27thOctober 2023.

He further informed the House that the Life Membership Committee, after due deliberations and several meetings had prepared a list of individuals for enrollment as Life Members of PCA and had duly recommended the same to the Apex Council. The power to enroll Life Members is vested with the Apex Council as enshrined in the Memorandum and Rules and Regulations of the PCA and the recommendations of the Life Membership Committee had been unanimously approved by the Apex Council. However, in the year 2022 some of the Office Bearers and Apex Council members had attempted to confer membership upon themselves in an arbitrary manner and indulged in illegal means, thereby clearly misusing their recommendatory power.

The Apex Council in the interest of transparency, had decided that it would be desirable that the General Body of the Association, being the Supreme body, should also endorse and approve of the decision taken the Apex Council for the grant of Life Membership to the names recommended by the Life Membership Committee.

The Honorary Secretary further informed the House that the list includes persons from various walks of life such as former International and Punjab Cricketers, persons who have served PCA and contributed to its development for many years, professionals, bureaucrats and lovers and supporters of the game of cricket who would serve PCA in the years to come.

The House discussed in detail and as proposed by Mr. Rupinder Gupta and seconded by Mr. R.P. Singla and others unanimously approved the list of recommended persons to be enrolled as Life Members of the PCA as per detailed list attached herewith as Annexure - 'A'. Mr. Rajinder Gupta, Former President and Life Member, while seconding the proposal suggested that going forward the General House should authorize any further additions in Life Membership and that the Apex Council may not induct any new life members, except those eligible under Rule 5 (b) (rule pertaining to induction of international cricketers), without the prior approval of the General House. Mr. Jagmohan Dhaliwal seconded this proposal and proposed that at least 1/4thof the total membership of the General Body should accord prior approval before any such exercise is undertaken by the Apex Council for induction of new Life Members.

The House after detailed discussions, unanimously approved the proposal of Sh. Rajinder Gupta and Sh. Jagmohan Dhaliwal and resolved that going forward the Apex Council may induct new life members only after the prior consent of at least 1/4th of the total membership of the General Body is taken preceding any such exercise.

The House further authorized the CEO to issue the confirmation letters to all the persons mentioned in Annexure-'A' and enroll them as Life Members.

Item No.2: To discuss and appoint the Standing Committees, as mentioned in Rule 33 of the Memorandum and Rules & Regulations of the Association, as detailed below:

a) The Senior Tournament Committee

b) The Technical and Coaching Committee

and

Item No.3: To discuss and appoint the Cricket Committees, as mentioned in Rule 34 of the Memorandum and Rules & Regulations of the Association, as detailed below:

a) Senior Selection Committee

b) Junior Cricket Committee

c) The Women's Selection Committee

d) The Women's Cricket Committee

e) The Differently-Abled Cricket Committee

f) The Cricket Talent Committee

g) The Umpires Committee

The Honorary Secretary informed the House that since Item No. 2 and 3 are of the same nature, they are being taken up collectively. He further informed the members that as per Memorandum and Rules and Regulations of the Association, the General Body has to appoint the Standing Committees and Cricket Committees as mentioned in Rules 33 and 34 respectively.

Mr. Bhupinder Singh Sr. remarked that the PCA Inter District Tournaments have already started and the Sher-e-Punjab T20 Tournament (Season II) had concluded. He further remarked that PCA may endeavor to appoint Selectors in the month of April instead of this late in the year so that the Selectors can watch the Sher e Punjab tournament and the Inter District Matches to select teams for Inter State and BCCI tournaments.

The Honorary Secretary informed the House that as stated above, only the General Body has the authority to appoint the Standing and Cricket Committees. He said that he agreed with the observations of Mr. Bhupinder Singh Sr. as they were genuine and correct. He proposed that as a solution the house may consider authorizing the Office Bearers or a sub-committee to appoint the Standing and other Cricket committees right now for the cricket season 2024-2025 and once again in the month of April 2025 for the ensuing season. The appointments so made would be brought to the General House at the next meeting following such appointments for approval/ratification.

The Honorary Joint Secretary proposed to the House that the General Body may consider and authorize the Honorary Secretary to appoint the Standing and Cricket Committees for the year i.e. 2024-25 and 2025-26 and the same will be put up to General Body for approval/ratification in the meeting immediately following such appointments.

REPORT OF THE HONORARY SECRETARY, PCA

Dear Fellow Members,

With renewed energy, excitement, and exhilaration, I present the Annual Report of the Punjab Cricket Association for 2023-2024. I would describe this year as a journey of growth, enriching experiences, boosted creativity, confidence, collaborationsand achievements that put PCA, our players and their talent on the National and International Cricket map. As a team, we surpassed our expectations as we worked together to give our goals, plans, projects and dreams a concrete shape and form, with the game of Cricket and our players at the center of all our efforts. On the road to success, there were many challenges and odds to face, yet we moved ahead to build a ground and foundation for excellence and enterprise, and I take this moment to share that my heart is filled with gratitude for all the support and inputs the Association has received from so many quarters.

It is a privilege to share with you some of the highlights of the eventful year. Through these endeavours, the Punjab Cricket Association has not only upheld its tradition of excellence but also solidified its position as a critical player in the Indian cricket landscape. PCA's relentless pursuit of promoting Cricket at all levels is a testament to its dedication to the sport and its glorious future in the region.

The association has made significant strides in fostering Cricket and nurturing talent, reaffirming its commitment to cricket through high-profile events and tournaments over the past year.

Recognizing the need to identify and develop upcoming cricketing talent, PCA launched a Talent Hunt for fast bowlers in June 2023. This initiative aimed to discover the next generation of pace bowlers, offering them an opportunity to showcase their skills and receive professional training. PCA consistently strives to promote new talent, encourage players, and create more facilities for the game across Punjab, which was another step in this direction.

The Association had the honour of hosting one of the most anticipated Cricket matches of the year. In September 2023, the Mohali Stadium witnessed a thrilling One-Day International encounter between India and Australia, reinforcing its reputation as a world-class venue. The spectators and the ground teams made it a match and event to remember, showcasing our strengths in hosting international cricket events.

PCA was pivotal in organizing the Syed Mushtaq Ali Trophy 2023, a prestigious domestic T20 tournament. This event saw intense competition among India's top cricketing talents, further enhancing Punjab's stature as a cricketing hub.

We began the new year with a bang. Continuing its tradition of hosting international matches, in January 2023, PCA brought together Cricket enthusiasts for an exciting T20 match between India and Afghanistan. The game showcased skill and sportsmanship, drawing fans from across the region. The highlight of 2024 was the opening of PCA's New International Cricket Stadium at New Chandigarh in March to Cricket fans from across the region. With a capacity of 33,200 the floodlit stadium is world-class in every aspect and has put the area on the National map. The dressing rooms for the primary and visiting teams have the latest facilities, with modern lounges, turnstiles, and third-generation LED lights placed on the mast, the first in India. The stadium is a salute to the matchless game of cricket and a realization of many efforts. In a significant achievement, PCA's New International Cricket Stadium was selected as a venue for the 2024 Indian Premier League. The selection highlights the PCA's growing prominence in the cricketing world and its ability to host events of such magnitude. The grand inauguration followed the IPL's first match here between Kings Punjab and Delhi Capitals, a complete sell-out.

In a landmark decision made at a meeting of the Apex Council, it was decided that PCA will make three new turf wickets using the latest technology and state-of-the-art pitches to facilitate more action. The Association will be involved in setting up new regional centers in Bathinda and Amritsar. With its expertise, experience, and talented workforce, PCA will own, build, maintain, and run these centers, which promise to be at par with the best in the world. After the successful completion and

start of these regional centers, PCA will extend its domain and conduct a district-wise survey to assess the upgrading requirements and improvements in facilities to benefit players and spectators.

PCA continued its efforts to promote local talent with the successful organization of Sher-e-Punjab Season II. This tournament provided a platform for emerging players to compete and gain recognition, contributing to the overall development of cricket in Punjab.

We strive to continue our winning streak and give our players the best opportunities and platform to grow, succeed, and make us all proud. I take this time to thank everyone who has made PCA a name to reckon with.

REPORT OF SENIOR SELECTIONS COMMITTEE

Senior Selectors Report

The report of the work done by the senior selectors is as below:

Beginning of the year:

All the senior selectors were alloted their respective districts to visit and every selector had visited his district before the commencement of the inter district session.

All selectors visited the ground and saw the district matches as per the duties alloted.

There were many new players-raw talents; which were noticed in the inter district matches. The time was spent on all players who would be the future of Punjab.

1. After Inter district Matches The Gold Cup, Dehradun All India Tournament was held and we chose probables for the same and a camp was held for them. Then the final team was selected and sent to Dehradun. We won two matches out of three, against DDC and Himachal Pradesh. We didn't quality for knockout stage due to our run rate being lower than other teams

2. Sher-è-Punjab T-20 Tournament

A committee of 6 members was made which included both senior and junior selectors; under the observation of the Director of Sports.

For this tournament we had formed 6 teams with a total of 120 players.

Sher-è-Punjab was a platform given to Punjab's players which was played as per the franchise's module at IS Bindra Stadium Mohali (both afternoon and evening matches).

This offered a ton of exposure to Punjab's players-both aspiring and established players. They learnt how to go through the high-pressure situations while handling the T- 20 games. It was a huge success and we saw immensely remarkable performances of our young talents.

We selectors saw all players face the situations they could face in board matches.

3. After this tournament, we selected the probables for Skill-cum-fitness camp which was conducted by our Head Coach at Mohali from 7th of August to 20th of August.

After this all players returned to their respective districts to participate in Katoch-Sheild multi day matches.

4. Post the conclusion of Katoch Sheild matches, based on their performances, two groups of players were shortlisted to participate in The JP Atre All India Tournament and the T-20 Practice matches against the J&K team in Sri Nagar. We played 4 practice matches in Sri Nagar against the J&K team.

5. After that a squad of 17 players was shortlisted for The Syed Mushtaq Ali Tournament.

Tremendous efforts were put in by the players.

During the initial part of the tour in Jharkhand the team played 2 practice matches and 5 practice sessions as a part of the preparatory camp at The Jharkhand Stadium. During the league phase Our team won 6 out of 7 games and finished courageously as the toppers of the group.

6. After this the team headed to Mohali to participate in the knock out games

Punjab's team emerged as the Champion for the T-20 tournament 2023-24 by beating: UP, Delhi and Baroda's team in the quarterfinal, semi-final and finals respectively.

This feat was achieved by the team 31 years of Punjab not winning a domestic trophy.

7. Vijay Hazare

After the T-20 tournament, Punjab's team immediately went to participate in the Vijay Hazare tournament. A primary camp was organised for 2 days in Mohali for a group of 25 players, additionally 10-12 players were given a break to recover. Next 18 players were shortlisted for this tournament which was held in Mumbai. At the league stage of the tournament the team won 3 gained our of 5. Further to qualify for knockout stages, the last league game against Bengal was to be won by chasing 243 runs in under 25 overs.

While doing so, the team started off well by scoring 95 runs in 10 overs. However, they lost the plot in between by losing too many wickets resulting in an all out at 190 and (24.1) overs. Because of the same the team couldn't qualify. This was due to failure in batting which was great in the previous tournaments where we emerged as the champions

8. Ranji Trophy Multi-Days

Then 36 players were shortlisted for camp from 18th-26th of December. Post this, we selected 16 players from this camp from 29-31 December. 2 games out of 7 couldn't be completed due to bad weather. In this season, across all three formats; T-20 three players, Vijay Hazare 3 players, Ranji Trophy Five players have debuted this season.

9. Considering the performances of our players across all three formats, 12 players were selected by various IPL teams to participate in the prestigious IPL 2024.

10. MY EVALUATION

As per my observations, Punjab went through a rollercoaster year with ups and downs along with great victories as well as some fall outs. Overall, the whole Punjab played enthusiastically. Although lacking in certain tournaments, the weak points were analyzed and strategies were synthesized to uplift it's performance. According to my analysis, certain changes need to be made as following:

IN OUR INTER DISTRICT MULTI DAYS TOURNAMENT,

Mostly, we see a spinner that comes and bowls with a new ball because most pitches are turning tracks therefore the seamers are not given adequate chances to bowl since wicket is not at all helpful to them. Punjab needs such wickets where the seamers and the spinners get equal chances to bowl and the batsmen are also given conditions where critical thinking is required—unlike the prevailing situation so that we can improve our red ball cricket.

More focus should be regarded to red ball tournaments especially those out of Punjab so that our players get to experience a different atmosphere along with a variety of bowlers. Henceforth, inviting state teams for red ball practice matches in Punjab could also work in our favour by improving our situation in red ball cricket.

·PCA should set up 8-10 grounds (under the observation of their curators) with pitches

designed especially to strengthen Punjab's cricket where it lacks including red ball cricket . Furthermore, Multi Days matches should be conducted on these grounds only for nourishing players' skills.

·This time, after T20 and one day; In the Ranji Trophy Tournament, the batsmen greatly lagged behind and didn't play according to the team requirements.

To conclude this year's season showed us both great victories and certain downfalls. It was overall a season filled with great joy, great performances and an even greater spirit.

I am truly grateful for having had the opportunity to see all the three formats with PCA; it was a wondrous experience seeing all the talent of Punjab bringing up laurels once again.

Warm Regards,

Chairman Senior Selection Committee 2023-24

REPORT OF WOMEN SELECTION COMMITTEE

ANNUAL REPORT

As a Chairperson of the Women's Selection Committee, I am sending in a thorough report on the performance since the season ends (PCA). I completed the following tasks that PCA approved:

SENIOR WOMEN

For Punjab state Inter district women Senior one day Ltd over tournaments from 17/06/2023 to 27/06/2023.

For Punjab state Inter district women Senior T-20 tournament from 23-08-23 to 01-09-23.

Senior one-day matches held at Mohali from 08-12-23 to 15-12-23.

Senior selection and practice matches with the Kerala team took place in Patiala between 17-12-23 and 23-12-23.

Senior T-20 matches occurred in Patiala from 16-09-23 to 28-09-23.

PCA had listed the given dates for our duty.

The players gave good performances. The senior women's HD coach's recommendations and the players' performances in the selection matches were taken into account by the selection committee when forming the team. The selection process was fair, and the team from Punjab contained the top players.

U-15 GIRLS

For Punjab state Inter district women under 15 one day Ltd over tournaments from 22-07 -23 to 02-08-23.

One Day matches for Under-15 happened between 28-09-23 and 05-10-23 as well as selection matched held between 21-10-23 and 27-10-23. Both the matches took place in Mansa.

Dates for our duty provided by PCA are mentioned above.

The players gave a fantastic performance, and it's clear that the influence of parents helps them do better. Furthermore, it was noted that some players had to join the team at the last minute without having had any practice in the test matches since the results of the bone test were delayed. Therefore, it is advisable to carry out the bone test as soon as possible to give all worthy players the opportunity to participate in test matches and improve their performance. Additionally, several players from the camp who tested as over-aged in the bone test should be given an exception because the game's regulations changed at the last minute, leaving them unprepared and preventing them from participating in the tournament.

UNDER -19 GIRLS

Selection matches in Ropar from 17-09-23 to 23-09-23 and a one-day match at Barnala from 06-09-23 to 15-09-23

It has been seen that players experience an increase in self-assurance and excitement following their Under-15 and junior team experiences, owing to their outstanding performance. It is advisable to arrange several fitness camps and focus on each player's fitness individually in order to keep them more focused on their objectives and to maintain their physical health. Players were selected based on upcoming competitions, and those who had underperformed in previous matches are now given an opportunity to display their potential and were properly prepared for the tournaments.

UNDER-23

T-20 selection matches held in Amritsar from 25-11-23 to 27-11-23 .

one day selection matches took place from 07-01-24 to 13-01-24 in Mansa.

Subject: Annual Report for 2023/24

Dear Sir,

I am pleased to present the Annual Report for the year 2023/24. This year, we conducted a two days seminar for umpires, where they were briefed on the rules and their knowledge was refreshed through an examination. All the umpires performed exceptionally well and last year most of the umpires performed well in all the inter district tournaments organised by PCA.

PCA deserves commendation for initiating the Punjab Premier League (PPL) last year. The umpires outstanding performance in this year PPL contributed substantially to the tournament's success. Commentators have consistently praised the high standard of umpiring in the PPL comparing it favourably to other T20 leagues in other parts of the country. We take pride in having 7 umpires on the BCCI panel, with Navdeep Singh delivering an impressive performance in this year's IPL.

We look forward to your continued guidance and support, as in previous years. I also extend my sincere gratitude to the Cricket Office and CEO for their invaluable assistance, without which these achievements would not have been possible.

Thank you once again.

Yours sincerely

Item No.29: To consider and discussed few observations notice during and after IPL matches are detailed below for requisite approval to take action accordingly.

1. RESTORING BRICK WALL IN P4 PARKING: The P4 parking area was used during IPL 2024 for spectator car parking. The brick wall in P4 parking entrance was damaged due to the weight of the earth filling work done to create a ramp for movement of cars from the PR4 main road to the parking area. Apropos, this wall is now required to be restored to its initial form and will entail brick and masonry work of 2-3 cubic meters approximately. The approximate cost for this work is Rs. 20,000/- to Rs. 25,000/-. Plus GST. The committee is requested to give necessary decision in this regard, Pl.

The Committee discussed and approved the enhancement of work in favor of existing agency i.e. M/s Techno Engineering works.

2. NURSERY: The nursery area has recently been sited next to the Project office for availability of inherent shade and water. It is requested that a Interlocking tile along with required material for approx. 2000 – 2500 sqft area be planned for permanency in the long run. In addition, it will require iron frame work on the perimeter of the plinth to support the overhead cover and the same may also be planned in entirety. The approximately cost with Interlocking tiles along with their required material and MS frame work will be Rs. 4.00 lakh plus GST. The committee is requested to give necessary decision in this regard, Pl.

The Committee discussed and approved the enhancement of work in favor of existing agency i.e. M/s Techno Engineering works.

3. **ELEVATED SECURITY POST:** 4-6 security posts are required to be fabricated on the perimeter wall of the stadium for watch and ward of the entire stadium site. The approximately cost for the complete job will be 6.00 lakh plus GST. The committee is requested to give necessary decision in this regard, Pl.

The committee discarded the proposal.

4. **KEY BOX FOR SECURITY ROOM:** Two key boxes of size 2' X 2.5' X 6" in wood material with glass cover be catered in the security room at Gate No. 1, with 50 hooks in each to hang the keys. The approximately cost will be Rs.40,000/- to Rs. 50,000/- Plus GST. The committee is requested to give necessary decision in this regard, Pl.

The Committee discussed and approved the enhancement of work in favor of existing agency i.e. M/s Red Peach Innovations India Pvt. Ltd.

5. **NEW STORE:** A new store is required at level 1 in North Pavilion on the opposite site of the existing store to safely keep the newly created assets. The approximately cost for this job will be Rs. 1.30 to Rs. 1.50 lakh plus GST. The committee is requested to give necessary decision in this regard, Pl.

The Committee discussed and approved the enhancement of work in favor of existing agency i.e. M/s Red Peach Innovations India Pvt. Ltd.

6. **WASHROOMS AND DRINKING WATER STATIONS IN CONCOURSE**: The Porta Cabins for the Police and Medical staff in the concourse does not have any washrooms and drinking water facility. During the recently concluded IPL, invariably it was seen that Police / Medical staff was crossing turnstiles from the side chain link gate to get access to the public washrooms and for drinking water. So, it is suggested to make 3-4 washrooms along drinking water purifiers in the concourse area. The committee is requested to give necessary decision in this regard.

The Committee discussed and approved the work in principal. The committee directed to put up the estimate in next SCC meeting for approval.

7. **BRC HOSPITALITY:** The BRC dining area has been created just before the IPL matches. At that time Air coolers have been provided for the time being. Now there is a need to air condition the BRC hospitality/ dining lounge at level 1, North Pavilion. The committee is requested to give necessary decision in this regard.

The Committee discussed and approved the work in principal. The committee directed to put up the estimate in next SCC meeting for approval.

8. **ACCESS TO DIFFERENTIALY ABLED:** The differentially abled box is on level 2, North Pavilion and the access is through the ramp which is cumbersome and risky for the attendant pushing up / controlling the downward movement of the wheel chair. It is suggested that entry for differentially abled be planned through the service lift. This will entail modifying the entry to the service lift at ground floor and shifting the small turnstile from the level 2 ramp to the service lift landing at level 2.

The Committee approve the same and directed project staff to make proposal for the same.
